Team Eagle Lands at The Loomex Group's Headquarters at the Peterborough Regional Airport

Peterborough, ON: Team Eagle has opened a satellite office at The Loomex Group's aerospace and defense headquarters at the Peterborough Airport. This move strengthens the companies' long-standing partnership. The Loomex Group is a North American company that offers strategic and operational solutions. It is the parent company of ACF Associates – a Canadian defence company – and Explorer Solutions, US.

Team Eagle has been committed to enhancing safety and operational efficiency in the aviation industry for over 40 years. Engaged in the design, research and development and after-market service for airfield equipment, smart devices, sensors and professional software applications, Team Eagle and its global partners continue to deliver innovative airfield solutions to help airports meet the growing demand for safer, more efficient, greener runway operations.

Over the years, Team Eagle and The Loomex Group have worked together on many projects, each contributing its own unique expertise to address specific challenges. By moving its operations to The Loomex Group's headquarters, Team Eagle aims to provide a unique experience to its clients by having Peterborough Airport as a living lab and testing facility for showcasing and developing new equipment and software.

Kyle Bruce, the City of Peterborough's Manager of Airport Administration, said, "Team Eagle and The Loomex Group are acknowledged as industry leaders and innovators. The City welcomes Team Eagle to Peterborough's regional aerospace employment hub."

Team Eagle and The Loomex Group are excited to work together more closely to improve airfield safety, efficiency, and effectiveness. Both companies view this strategic move as another step towards providing worldwide best-in-class solutions for the aerospace sector, starting right here at home.
