The Loomex Group Ltd. Supports Local Healthcare Fundraising Campaign

Peterborough, Ontario: On November 25, 2025, Peterborough Regional Health Care Foundation recognized The Loomex Group Ltd. for its contributions to the hospital. These contributions include the company's support of a fundraising campaign that the foundation announced in 2024 with the goal of reimagining local healthcare services.

Peterborough Regional Health Care is a hospital that provides critical health care to residents and visitors of Peterborough and the surrounding area. The hospital's progressive leadership team aims to ensure that the facility can provide high-quality healthcare services to all members of the local community. The hospital and its hard-working staff have played a significant role in the lives of many individuals, including employees of The Loomex Group Ltd.

In order to repay the care and dedication of Peterborough Regional Health Care and its staff, The Loomex Group Ltd. has committed to donating to the hospital's foundation over a five-year period. This support will help the hospital care for patients today and remain a leading healthcare provider for years to come. On November 25, 2025, Peterborough Regional Health Care publicly acknowledged The Loomex Group Ltd.'s ongoing contributions by unveiling a plaque installed outside one of the hospital's surgery recovery rooms.

Reflecting on the recognition, Trent Gervais, president and CEO of The Loomex Group Ltd., said, "When a hospital is taking care of the ones you love, you want them to have the best of the best when it comes to facilities, equipment, and staff members. It's important that we don't take that for granted. Everyone has a role to play in order to ensure the best of the best is available. The Loomex Group Ltd. believes in the work being done by the foundation, and our team is extremely honoured to support them."
